# Summer 2022

A spotlight on children waiting for permanent and loving families

Welcome to the Summer 2022 Recruitment Periodical, published by the Michigan Adoption Resource Exchange (MARE). Over the next several pages, you will be introduced to some of the youth in Michigan who are awaiting a loving, supportive and permanent family of their own through adoption. The youth featured here represent hundreds of other youth in Michigan's foster care system who are waiting to become part of a loving family through adoption. To learn more about these children and adoption, visit [www.mare.org](http://www.mare.org).

On the MARE website, you will find photos, narratives and video clips of youth waiting to be adopted, as well as a wealth of information about adoption, including links to adoption-related resources.

If you have been thinking about adoption, we invite you to consider bringing a youth or sibling group into your life. If you have questions about adoption or are ready to begin the adoption process, simply call one of the agencies listed in the back of this periodical or contact an adoption navigator at 800-589-6273. MARE is available to answer your adoption-related questions, and we will do our best to get you headed in the right direction.

## Who are the children who wait for adoption?

Children who have been placed in Michigan's foster care system and are awaiting adoption have some similar experiences related to trauma including:

- Physical/sexual/emotional abuse
- Severe neglect
- Alcohol/drug exposed infants

Many of these children share similar characteristics that can make their adoptions difficult or "special needs". Some special needs adoptions include some combination of the following circumstances:

- Physical/mental/developmental impairments of the child
- Children who are school aged and up
- Of the 98% of children ages 5 and up waiting for adoption, 75% are aged 11 to 17 years of age
- Children who are a part of a sibling group who must be placed together
- Youth who identify as LGBTQI+
- Children of color

Around 93 percent of children in Michigan's foster care system that are awaiting adoption are adopted by their foster parent(s) or relatives. The remaining children, like those highlighted in this newsletter or on the MARE website, don't have an identified family to adopt them. Recruitment of a suitable adoptive home for these children is therefore necessary.

## Who can adopt a "waiting" child?

Many people may be surprised to learn that they do not have to be married in order to adopt a child from the foster care system. Potential adoptive parents do not have to own their own home or have a lot of money. They must have enough space in their home and adequate income to support a child. It is important to know that many children waiting for adoption are eligible to receive adoption assistance, which is intended to assist adoptive families in meeting the children's needs.

## How much does it cost to adopt a child from foster care?

The only costs you should incur from adopting a child from Michigan's foster care system are court filing and birth certificate fees. Some agencies may charge a fee for the Adoptive Family Assessment (also known as a Home Study); however, once you adopt a child through Michigan's foster care system, that fee is reimbursed to you.

## What is the adoption process?

Families must be approved through the Adoptive Family Assessment process before a child can be placed in their home for adoption. An Adoptive Family Assessment must be completed by a licensed adoption agency (which can be found in the back of this periodical and on www.mare.org) and can take an average of six months to complete. The Adoptive Family Assessment includes, but is not limited to, the following components:

- Personal history.
- Health statements.
- Criminal background checks.
- Income statement.
- Personal references.

Once the Adoptive Family Assessment is complete, you may start submitting inquiries to MARE about children you may be interested in adopting. When you inquire about children through the MARE website, your information will be sent by MARE to the child's adoption worker for consideration. Your worker will also be notified that you have inquired about a specific child or children.

MARE is proud to offer the Adoption Navigator Program. Adoption navigators are experienced adoptive parents who offer guidance and personal knowledge to potential adoptive families. The adoption navigators have many years of parenting experience, adopted a number of children, and have knowledge of foster care, infant and older, and domestic and international adoption procedures.

Families who contact MARE for initial adoption information will be given the option to work with a Navigator to help guide them through the process. Having an Adoption Navigator is a free and voluntary service.
